HOBBIES

- Multi-instrumentalist
- Band member
- Music collector (vinyl records, CDs, cassettes)
- Video game aficionado

ABOUT ME

I am a dedicated and enthusiastic first-year Computer Programming student with a keen interest in technology and software development. My strong passion for coding and problem-solving drives me to continuously improve my skills. I am a fast learner, able to quickly grasp new concepts and technologies, which is reflected in my academic achievements and personal projects. I have completed my second semester with a perfect GPA of 4.0/4.0, demonstrating my commitment to excellence. I enjoy collaborating on team projects and contributing both creatively and technically. Outside of my studies, I enjoy playing electric guitar, bass guitar and drums as part of my university's professional music band.

I am eager to apply my skills and enthusiasm in an internship position to contribute to innovative projects and further my professional development.

EDUCATION

İzmir University of Economics

2023 - Present

Associate's Degree, **Computer Programming**

Current CGPA: **3.74 / 4.0**

Innovative Learning Center (YÖM)

2020 - 2021

High School Diploma

Balçova Anatolian High School

2017 - 2020

HONOURS & AWARDS

Certificate of High Honour

Issued by İzmir University of Economics

Awarded for high GPA, exemplary behavior and contributions to the school (music band).

PROJECTS

Guess the Game with Emojis

Java, Spring, JavaScript, MySQL, HTML&CSS

I developed an interactive game using the Spring framework where users guess video games based on a set of five emojis which is serving from an SQL database.

Record Store Management System

C# - Windows Forms, MSSQL

I developed an inventory management system for both admins and employees. This is basically for editing products and employees, and processing purchases.

For more projects that I developed, please visit my [GitHub](#) account.
